## ANOTHER FREE PRESENTATION OF THE WATERSHED EDUCATION CENTER

You're invited to learn how the Cornell Cooperative Extension's 50 years of weather data can help shape Livingston County's climate future. Joyce Blowers, a CCE weather watcher since 1973, and Ken Estes, Jr., CCE's Agriculture Program Manager, have put together an information-packed presentation you won't want to miss. To sign up to attend, use your smartphone to scan the QR code at lower left or go online to conesuslake.org. We look forward to seeing you here at the WEC.

## Attend this free presentation, in person or on Zoom, Tues., Nov. 18th at 6:30 PM

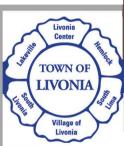

After you've registered, you will receive additional information by email.
