

IMPROVING OUR AREA'S WATER AND SEWER SYSTEMS

You're invited to hear Jason Molino, the Executive Director of the Livingston County Water and Sewer Authority, discuss upgrades to our water and sewer system that will ensure long-term environmental safety and support future growth. You will also learn about efforts to help area communities impacted by the catastrophic AzkoNobel salt mine collapse in 1994. To sign up for this informative free presentation, use your smartphone camera to scan the QR code (bottom left) or go online to conesuslake.org. After you've registered, you will receive additional information by email.

Attend this free program on Wed., Oct. 15th at 6:30 PM

AT THE WATERSHED EDUCATION CENTER, VITALE PARK
