To: York and Leicester Town Board Members

Re: October update for White Creek Solar Host Communities

AES would like to inform the York and Leicester Town Boards about key updates regarding the White Creek Solar project. This update will be posted on the project webpage in the "Updates" section by Friday, October 16, 2026.

Full civil construction for the project is anticipated to begin December 2026.

October 2026 activities:

- The majority of the grubbing and processing of logs and stumps has been completed. Some grubbing work continuing in isolated locations throughout the site.
- Maintenance of erosion and sediment control Best Management Practices have been completed. These include filter sack, silt fence, stabilization of construction entrances, timber mats, seed and mulch distribution.

If there are any questions or concerns, please do not hesitate to reach out to the project team:
